Spring has finally sprung! The final two months of school will be busy and fly by quickly.

Looking back to April, we would like to thank Aaron, Janet and Shaye-Lynn Moen for the donation of eggs for our Pysanka Egg Decorating.

A shout out to the Room 3 students for the fabulous work submitted to the Division Science Fair. Congratulations to Katelyn Carleton for her Gold Medal project in the Junior Category titled "Comparing Swimsuits". Katelyn's project moves on to compete in the Canada wide Science Fair May 16 - 20th. Congratulations also to Jesse Olson and Karsten Wiebe for receiving a Bronze Medal in the Junior Category for their project on "Electromagnetism in Magnificent Motors".

Students from Room 3 also participated in the Scholastics Challenge, with two students being recognized. This challenge is open to students across Canada to answer general knowledge questions. Graham Kern received acknowledgement for scoring above the national average on the challenge, and Jacob Parkinson was this year's Saskatchewan Champion. This is the third year in a row that a student from Stewart Valley School has achieved the title of Provincial Champion in the Scholastics Challenge. Congratulations to both Jacob and Graham, job well done!

Principals Message

Welcome to the month of May! Mrs Penner and I have really enjoyed coaching badminton. There is only 1 week left in the regular season and playoffs will happen during week of May 9th to May 12. The grade 6-8 athletes will jump right into the track season and will travel to Swift Current for a track meet on May 17.

The staff is hard at working planning for a few year end activities, which include:

- Elementary Track meet
- Grade 8 farewell
- Kindergarten orientation
- Year-end celebrations

Please stay tuned for more details and dates.

Last Day of School for students **June 28**

Little Teddy wakes up one morning to find that Jack and Nicole, his owners, have moved away and forgotten to pack him. But just as he's wondering what to do, the cleaning lady comes along and pops him in to the washing machine. This unwanted bath starts Little Teddy on an incredible series of adventures. Will Little Teddy ever be able to find Jack and Nicole again?

Like most children, Matt and Emily have always dreamed of seeing a real-life dinosaur. With the help of their magic sled, they travel back in time to see the Alberta Badlands during the Cretaceous period. There, Maiasaura, Lambeosaurus, and other giants roam the Earth. Emily and Matt are excited about finally seeing the amazing creatures up close, but that ferocious T. Rex is getting much too close for comfort! Dean Griffith's bold illustrations of the prehistoric world and its fearsome denizens add thrilling highlights to this riveting, edge-of-the-seat adventure.

Marcel loves riding his bicycle, whether he's racing through the streets of his small town in France or making bread deliveries for his parents' bakery. He dreams of someday competing in the Tour de France, the greatest bicycle race. But ever since Germany's occupation of France began two years ago, in 1940, the race has been canceled. Now there are soldiers everywhere, interrupting Marcel's rides with checkpoints and questioning. Then Marcel learns two big secrets, and he realizes there are worse things about the war than a canceled race. When he later discovers that his friend's entire family is in imminent danger, Marcel knows he can help -- but it will involve taking a risky bicycle ride to pass along covert information. And when nothing ends up going according to plan, it's up to him to keep pedaling and think quickly... because his friend, her family, and his own future hang in the balance.
