Looks like March has come in like a lamb, so we will see what the end of the month has in store for us.

Throughout the winter some of Room 3 students travelled to Swift Current to practice their curling skill. The season wrapped up on Saturday, February 12 with the Sectional Curling Bonspiel in Gull Lake. Our mixed team included Katie Carleton, Graham Kern, and Jesse Olson. Alexander Argue, Tydon Moen, and Karsten Wiebe made up the Stinger second team participating in the boys category. Although they did not advance into the District Finals, both teams played well and had some really close shots. Each team placed 3rd in their respective groups. Thank you to Mr. Ruf and Ms. Cave for taking the time to coach our curlers this year. Way to go Stingers!

Parent Teacher Conferences will be held Tuesday March 22 and Wednesday March 23 from 3:15 - 6:30. An google form will go out next week to book your time. We are awaiting word on how the conferences will take place (phone/google meet vs in person or a combination of all) and let you know once we have confirmation.

Principals Message

February has flown by! Spring is right around the corner and there is lots to look forward to.

Kindergarten Registration Week is March 7-11, 2022. Stewart Valley School is very excited to welcome new Kindergarten students and their families for the upcoming 2022-2023 school year. Please remember that Kindergarten eligibility is age 5 by December 31, 2022. Please contact the school office to register and for transportation information.

Speaking of the 2022-2023 school year, we cannot forget to mention our Gr. 8 students. The Grade 8 families have been invited to the SCCHS to take part in a tour/presentation on March 16 at 6:30.

The Gr. 6-8 badminton team will be starting right away. I am excited to help coach the badminton athletes. A practice schedule will be sent out soon, we are planning for a possible Wednesday after school practice and few lunch time practices each week. Games will be planned for Monday to Wednesday after school in Swift Current.

In science news, the Grade 6-8 class has been busy preparing for the Chinook Regional Science Fair. The event is virtual this year and the Grade 6-8's have spent the last few weeks building, testing and recording their data. On Feb 17, Mr. Ruf invited Mr. Biem to do a science fair presentation and the students got to share the pre-work they had completed towards their projects. Mr. Biem was impressed by all their hard work! Mr. Biem also presented a "Screencastify" computer program that seemed really interesting. It was so nice to see Mr. Biem back at Stewart Valley School, as his former students were really surprised to have him as a guest.
