Stewart Valley School

What a wild February we had for weather! We persevered through treacherous road conditions and bitter cold with extreme wind chills to attend school as much as possible. It is that type of grit the early settlers and our ancestors must have had. They endured many of those similar conditions without our modern day conveniences.

We will have an Extreme Pita noon lunch on Thursday March 11. Orders must be placed a week in advance, so please submit the google form prior to 4 pm on March 3rd.

Parent Teacher Conferences have been scheduled for March 16th and 17th from 3:15 - 6:15 p.m. A google form will be sent out via email so you can indicate what time is most convenient for you. Once the time has been booked an email will then be sent to you to confirm your times.

There will be no school on Monday March 22 in Lieu of Parent Teacher Conferences. Kindergarten classes will resume on Wednesday, March 24th.

Here's a quick look at what March will look like:

From the Principal's Desk

March

February was the coldest month of the school year. Transportation to and from school was greatly impacted, and students and staff had to settle indoors for recess and Phys. Ed. Staff appreciation week was a success, and I hope everyone who works at our school understands how much I value the work they do for kids. Our school clothing order was launched, and new school swag can be seen throughout the building. Classrooms wrapped up their science units on states of matter with ice cream floats and a variety of experiments. Everyone enjoyed a well-deserved break spending quality time with their family.

I am looking forward to warmer weather throughout the month of March. Kindergarten registration week is March 8th-12th, and I am excited to see who our new Stingers will be for next year. Parents and teachers will have another chance to connect and discuss student learning and behaviour on March 16th and 17th. Bring on Spring!
