Stewart Valley School

Welcome to the final month of this school year! It has been a unique and challenging one but through perseverance and working together we made it this far, safely. Although many things will remain altered or cancelled due to the remaining restrictions we do have a few activities happening this month that we will be able to do.

We are tentatively planning on holding our school track meet June 18th. Unfortunately no parents will be allowed to attend or assist with the day. Events will take place following all health protocols to ensure students and staff remain safe. Although a canteen cannot be provided on that day, there will be some non perishable snacks available to all students without charge (granola bars, fruit popsicles etc.)

June 18th will also be our final noon lunch for the year. From looking at the "Guess Who I Am" submissions and the favourite food of choice for students, pizza will be on the menu. Look for the email with a google form attachment the first part of June.

June is the month we bid farewell to the Grade 8 students who will move to the Swift Current Comprehensive High School in September. There will be a farewell for our three grade 8 students and their families on June 22nd at 7:00 pm. The staff and students wish our Grade 8 Students; Erika Olson, Lauren Stewart, and Levin Wiebe all the best in their future endeavours. We hope they have fond memories of Stewart Valley School.

The final day for students will be June 28th. An email will be sent home notifying you that report cards will be available to access from MSS. It would also be a good idea to try logging into MSS sometime between June 21 - 25. If technical issues occur, it is easier to address the issues early, rather than when tech staff are busy on the last day. Please review report cards before June 30th, as it may be difficult to get in touch with us after that date.

It's hard to believe that we have begun the final month of the 2020-2021 school year. This year has been like no other, and has been exceptionally challenging for staff, students, and families. Regardless, it was a positive year that will always be remembered. Learning and teaching remained face-to-face for the entire duration of the school year, and students and staff remained safe. Thank you everyone for staying vigilant with our COVID-19 protocols and procedures, it paid off!

As you may or may not know, I have been appointed principal of Central School in Swift Current beginning next school year. Although I am excited for this new leadership opportunity, it is not easy leaving Stewart Valley behind. I have thoroughly enjoyed working with the staff and students at this wonderful little school, and I value the experiences I am taking with me.

I wish you all an enjoyable summer and continued success next year!
